

A FULL-SCALE MDM SOLUTION IN AN EASY-TO-DEPLOY APPLIANCE

“Turnkey” and Master Data Management (MDM) have never gone together before, but with the IMT Master:ID appliance you get a pre-configured MDM solution that is tuned to meet the needs of your organization. IMT Master:ID provides a trusted view of the people and organizations you support. It enhances record quality, reduces duplicate records, and provides a 360° view of your most critical data assets. Our team of IBM certified specialists will create a tailored MDM solution to fit your needs, including the hardware. All you have to do is plug it into your data center and start sending your data.

WHAT'S INCLUDED:

- **Software:** Licensing for IBM® software on Red Hat® Enterprise Linux®
- **Hardware:** IBM® System X3550 M4 rack mounted hardware, tuned for MDM
- **Implementation:** Off-site configuration and installation by IBM® certified staff
- **Training:** Orientation and end-user training on Data Stewardship processes
- **Support:** 3 Years of 24/7 support, software patches, and system monitoring

AGILE

- Quick time-to-value & benefits typically within 90-120 days
- Realize the benefits with minimal impact on your staff & resources
- Leverage pre-configured Person & Organization Models
- Start with the size that's right for you now, but grow your license over time as your needs expand

INNOVATIVE

- Employ advanced features like IBM Business Process Manager for effective governance workflow
- See instant results with the “Just Add Data” approach
- Integrate your master data with your BI and Analytics systems
- Extend your insights with IMT's enhanced reporting

PROVEN

- Powerful, pre-configured IBM hardware tuned for MDM
- Uses the same IBM® InfoSphere® MDM technology used by over 450 clients worldwide
- Relax knowing IMT's experienced staff are with you along the way
- Manage data quality with easy-to-use tools out of the box

IBM, the IBM logo, InfoSphere, WebSphere, and DB2 are trademarks of International Business Machines Corp, registered in many jurisdictions worldwide. Enterprise Linux is a registered trademark of Red Hat, Inc. in the United States and other countries.

InfoMagnetics Technologies Corporation (IMT) is an IBM Premier Business Partner that specializes in master data management (MDM), predictive analytics, identity insight, and big data software.
